### Removal of Training Provider Performance Moratorium

---

Per WIOA Section 122(b)(3), a Local Board, through local policy, may establish additional criteria and required information for program eligibility within its Local Area. This may include setting required levels of performance as criteria for training providers (and their programs) to become or remain eligible to provide training services programs in that Local Board's particular Local Area.

On October 10, 2018, the Workforce Solutions Committee approved the additional Training Provider requirements effective July 1, 2019. On November 15, 2018 the Board of Directors approved the additional Training Provider requirements effective July 1, 2019. CareerSource Tampa Bay added the following training provider performance requirements in order to maintain continued eligibility:

- a) **Employment Rate.** Each program will maintain a 70% rate of employment for all students that received CSTB funding assistance. This rate will be inclusive of those that did not complete training. Under this requirement both full and part time employment and employment outside the field of training will be considered as a positive outcome. Employment rate is measured by those who obtain employment within 180 days of the completion of training.
- b) **Completion Rate.** Each program completion will maintain a 65% successful completion rate per training program.
- c) **Wage Rate.** Currently, each training program must meet the minimum entry level wage rate in effect for the applicable period. This wage rate is adjusted annually by the State based on the Florida Price Index in effect for CSTB or otherwise established by CSTB Board of Directors.

NOTE: New program enrollments are limited to 12 enrollments until performance is established.

On May 21<sup>st</sup>, 2021, the Board of Directors approved a moratorium on the Training Provider Performance Thresholds due to the COVID-19 pandemic and national unemployment crisis. CSTB continued to track the ETPL Training Provider Performance and report out on a quarterly basis and provide to the Workforce Performance Committee, Executive Committee and Board of Directors. This was for reporting purposes only as no decision were made due to the existing moratorium.

On June April 26<sup>th</sup>, 2021, HB 1507 was passed by the Florida Senate and signed into law by the Governor on June 28<sup>th</sup>, 2021. HB 1507 will have an impact on these requirements as the Department of Economic Opportunity (DEO) will be establishing performance criteria for the Master Credentials List which will impact the ETPL.

- Initial and subsequent eligibility criteria, based on input from the state board, local workforce development boards, the Department of Education, and other stakeholders, for the Workforce Innovation and Opportunity Act eligible training provider list. This list directs training resources to programs leading to employment in high-demand and high-priority occupations that provide economic security, particularly those occupations facing a shortage of skilled workers. A training provider who offers training to obtain a credential on the Master Credentials List (s. 445.004(4)(h)), may not be included on a state or

local eligible training provider list if the provider fails to submit the required information or fails to meet initial or subsequent eligibility criteria. Subsequent eligibility criteria must use the performance and outcome measures defined and reported under s. 1008.40, to determine whether each program offered by a training provider is qualified to remain on the list.

- For the 2021-2022 program year, the Department of Economic Opportunity and the Department of Education shall establish the minimum criteria a training provider must achieve for completion, earnings, and employment rates of eligible participants. The minimum program criteria may not exceed the threshold at which more than 20 percent of all eligible training providers in the state would fall below.

To date, performance thresholds requirements have not been implemented by the Department of Economic Opportunity.

### **Recommendation:**

Staff are recommending the removal of the Training Provider Performance Moratorium effective July 1<sup>st</sup>, 2023. CSTB defined performance measures will remain in effect until the Department of Economic Opportunity implements statewide performance criteria.

EDSI, Inc. has been our One-Stop Operator since July of 2021. Paul Casebolt, One-Stop Operator of EDSI, Inc., manages our One-Stop Operator Contract.

#### NET PROMOTER SCORE

Customer satisfaction is measured using Net Promoter Score (NPS). NPS is a loyalty and satisfaction measurement taken from asking customers how likely they are to recommend your product or service to others on a scale of 1-10. It is an indicator of customer experience, customer satisfaction, and brand loyalty.

#### FEBRUARY RESULTS

Data for a specific month is collected over the course of the following month. This creates a one-month lag in reporting, making the most recent available data set the February 2023 results.

\*We did not receive responses from customers who received services at Plant City, Enterprising Latinas, or Bullard Family Foundation.

While customers learn about us from a wide range of sources, almost half (48%) learned about CareerSource Tampa Bay through a referral from another agency. 8% learned about us through Social Media, 5% through Television, 5% through Print Media, and 3% through digital marketing. 38% of respondents selected "other" and cited a variety of sources including word of mouth, past experience with CSTB, the internet, and prompting from the Department of Economic Opportunity either over the phone or as a result of other DEO sources.

31% of respondents attended an in-person or online workshop. 21% came for a staff appointment. 31% attended an orientation of some kind. 8% attended a job fair/hiring event. 15% came to use the Resource Room. 23% were first-time visitors.

# 74

Percentage of respondents who found the resources received in attaining new employment to be "extremely valuable" or "very valuable."

## EMPLOYER SURVEY

The Employer Survey provides key insights on employers' views of the organization and services delivered.

## FEBRUARY 2023 RESULTS

Data for a specific month is collected over the course of the following month. This creates a one-month lag in reporting, making the most recent available data set the February 2023 results.

Notes from the data:

- 50% of participants indicate they found the services provided by CSTB staff to be "very effective."
- 50% of participants indicated they are "very familiar" with the resources offered by CareerSource Tampa Bay.
- 50% of participants indicate that staff return voicemail and email within "1-2 business days."
- Both respondents indicated they have hired 1-4 employees from CSTB's services in the prior 30 days.
- Both quantitative and qualitative data received in the survey would indicate that it was difficult to match appropriately skilled talent to the particular positions that needed to be filled with one respondent writing "candidates are bottom tier..."
- 50% of respondents indicate they learned about CSTB through word of mouth while 50% work with CareerSource sites all over the state for their company.

# 50

Percentage of respondents who found the CSTB Business Services team to be "professional."

# 50

Percentage of respondents indicating they "definitely will" use CSTB services in the future

One of the larger challenges with this survey instrument has been the low participation rate. For example, only two employment partners participated in the February data collection. Such low participation can easily skew the numbers positive or negative.

The OSO has worked with the Director of WIOA AD/DW who also oversees Business Services to work with the team to develop tactics for increased participation. The March survey instrument has already received 14 responses, a 700% increase from the February collection.

## Referrals through the UniteUs Platform

We continue to see use of the UniteUs platform within our partner network for the referral of customers.

Our goal for PY22-23 is 147 referrals within the system. As of the end of Q3, we have already exceeded our goal with 185 (125.9%) total referrals. Of 158 total referrals, 86 (46.5%) occurred in Q1 of the program year, 72 (38.9%) occurred in Q2, with 27 (14.6%) in Q2.3

## Partner Engagement

Our Quarterly Partner Meeting was held virtually on Thursday, March 30, 2023. Representatives from 19 partners attended as well as 11 representatives from CareerSource Tampa Bay. Topics discussed included:

- Partner Spotlight on Tampa Housing Authority's T3 program: This is a financial literacy series funded by a grant from the U.S. Department of Health & Human Services. It is an "...initiative that provides outreach, financial education, and supportive services to working individuals in Hillsborough County." Program qualifications; 1) Age 25-64; 2) a working individual with a moderate income; 3) have children who are at risk for or have Adverse Childhood Experiences (ACEs); and, 4) eligible to receive the Earned Income Tax Credit. Services available include tax preparation, referrals for supportive services, and educational workshops.
- Programs updates included the Apprenticeship-to-Career Empowerment (ACE) programs and upcoming cohorts, support for differently abled customers through the Ticket-to-Work program, promotion of the Get There Faster Grant for military service members and their spouses, and promotion of the TechBoost program.
- WIOA AD/DW updates included a reminder of the closure of ITA funding, promotion of Work-Based Training (PWEs, OJTs, Apprenticeships), and promotion of employer partners for Tampa Bay Summer Hires (TBSH)
- WIOA Youth updates included an update on the applications for participants in the TBSH program. Youth staff have been doing outreach in the schools and have seen a significant influx of applications. Additionally, the Youth team has moved into its new space in Suite 103 (previously occupied by the Early Learning Coalition).
- OSO updates included a discussion of expanding services at the outlying centers to increase foot traffic along with an invitation for partners to utilize space at our outlying centers for their activities, a discussion

of the creation of a quarterly Net Promoter survey for CSTB partners (initial launch goal, May of 2023), and a reminder to utilize the UniteUs platform.

- Luna Clarke from the CSTB Finance/Compliance department joined the meeting to let partners know that they would be hearing from her soon (if they hadn't already) about updates to their Memorandums of Understanding for the coming program year.
- Veterans Services Updates included completing interviews for the vacant Disabled Veteran Opportunity Program representative (DVOP), placement of 143 veterans YTD for PY22-23, and 735 services provided to 138 employers YTD for PY22-23
- Reminders of upcoming partner meetings (June 15, 2023) with PY23-24 dates available soon, holiday closures, and upcoming hiring events.

### **Partner Development**

The OSO is coordinating with various personnel and CSTB to identify potential community partners with whom we can enter an agreement for supportive services. In talking with frontline staff, key needs being cited by customers as barriers to employment or their job search include:

- Various needs relating to housing (rent assistance, utility assistance, etc.)
- Childcare (both young child and after-school care for older children)
- Transportation

Recent discussions with potential community partners include:

- Much Too Life – This organization works with victims of human trafficking. They feel a partnership with CSTB is critical for the population they serve.
- Florida Department of Corrections (FDOC) – Through a connection with one of the Sector Strategists, the OSO learned the FDOC had been in contact with his predecessor about becoming a community partner. The FDOC was working with their legal team to evaluate the language of the MOA and determine changes needed on their end. The OSO is working to complete this process.
- Lighthouse Gospel Mission – The OSO recently learned the Veteran's team is already working extensively with this organization for items such as shelter and food. The OSO obtained the contact information and is reaching out to approach them about starting the process in coordination with the Veteran's team.
- Catholic Charities Hope Program – A representative for the Hope Program recently stopped by the Tampa Center and met with the OSO. They operate a "tent city" for homeless and were interested in creating a partnership to assist those individuals in finding work. This could be an opportunity to connect homeless CSTB customers with temporary shelter as well.
- Redlands Christian Migrant Association (RCMA) – The Migrant & Seasonal Farmworkers team already has a loose relationship with RCMA which provides support for childcare. The OSO is coordinating the DEO Jobs and Benefits Supervisor to obtain a contact at RCMA to discuss formalizing the process.

The OSO is using the Asset Mapping Tool created by CSTB to identify providers of these services and create a targeted list of potential partners which is then shared with the VP of Business & Community Development to identify any existing outreach and relationships and then develop the appropriate strategy to approach those potential partners. The goal is to generate a minimum of 7 new partnerships over the course of PY22-23. We have currently generated 1, making this a significant focus of effort for the remainder of the program year.

### New County Ex-Offender Grant

**Background:** In February 2023, CareerSource Tampa Bay entered into an agreement effective April 1, 2023 with the Hillsborough Board of County Commissioners to develop and implement a local program in Hillsborough that provides operational and support services for the delivery of workforce training and placement services to Hillsborough County ex-offenders and formerly incarcerated returning to our community seeking to develop a pipeline of talent with foundational employability skills or experience to competitively re-enter the workforce in today's economy. The program will seek to introduce program participants to the skills and workplace traits necessary to improve their employability and raise their interest in and awareness of career opportunities within Hillsborough County, as well as seeking to engage employers in providing employment opportunities for ex-offenders or returning formerly incarcerated citizens.

Sought outcomes of the program will include providing opportunities for occupational skills training, work-based training and job placement with local employers and needed industry-recognized certifications, where appropriate.
